#### OCH Opioid Project Steering Committee Purpose

The purpose of the Steering Committee is to provide guidance and recommendations for the OCH Opioid Project to ensure that the implementation phase includes the needs and resources of the appropriate sectors, key stakeholders, Tribes, and partners across the three counties. The Steering Committee will advise the Director and project team regarding emerging issues, problems, and initiatives, and will advise on strategic alignment of measurement and evaluation. The implementation phase includes the Medicaid Transformation Demonstration project as well as ongoing assessment.

#### Steering Committee Operating Principles

- Committee membership will comprise of sectors from each of the counties including health officers, law enforcement, primary care providers, youth/schools, EMS, hospitals, elected officials, criminal justice, syringe exchange, behavioral health, Tribes, and the Salish BHO.
- Steering Committee members are willing to serve at least until December 31, 2017.
- The Steering Committee shall operate with respect and willingness to listen to different perspectives.

#### Responsibilities

- Advise on proposed implementation plan, inclusive of the required Opioid Response Plan in the Medicaid Transformation Demonstration project, and provide feedback and guidance to ensure that the depth and breadth of the implementation plan and ongoing assessment are both thorough and doable.
- Provide oversight to each of the three workgroups listed below. A member of the Steering Committee will serve as chair for each of the workgroups.
- Support the implementation plan by representing the project in appropriate sectors and venues and provide feedback to the Steering Committee and project team.
- Support the ongoing work of the project by identifying and providing existing data points, data needs, and gaps in the data.
- Review proposed surveys and other data gathering tools developed by the project team and provide feedback and guidance to ensure tools are appropriate.
- Support the work of the project by connecting staff to existing resources as well as identifying gaps in resources.
- Review data summaries as they are drafted and provide guidance and feedback in finalizing them and incorporating them into the plan.
- Review 3 County Coordinated Opioid Response Report and provide feedback and guidance for finalizing.

#### Timeline

The Steering Committee shall meet as needed; attendance via conference call is appropriate.
