

The Washington State Health Care Authority would like to invite you to an exciting, action-oriented event in April 2020!

The Washington State Shared Decision Making Summit is a forum in which policymakers, payers, and healthcare organizations will collaborate to advance implementation of innovative shared decision making (SDM) strategies to maximize impact for patients, families, caregivers, and clinicians.

- Promote adoption of Bree SDM implementation strategies by multiple stakeholders
- Increase awareness of accreditation and certification opportunities
- Promote grant opportunities for implementation support
- Highlight state purchasing priorities for adoption of SDM

Event: Shared Decision Making Summit

Date: April 23 (All Day) & April 24 (Half Day), 2020

Location: DoubleTree by Hilton, Seattle Airport

Why you should attend: This will be a day of action. We need your participation to make this event a success and to advance the implementation of good shared decision making in Washington State.

During the Summit we hope to:

- Spread the use of SDM in practice
- Clarify roles and responsibilities
- Identify opportunities and strategies to overcome barriers
- Support policy and payer approaches to spread SDM
- Communicate the vision for the future of SDM
- Articulate the importance and value of doing good SDM in order to gain buy-in and support

Target Attendees:

- Providers
- Developers
- Patients
- Policymakers
- Health System Leadership
- Health Plans
- Provider Organizations
- Legislative / Government
- Legal
- Malpractice Insurers
- Quality Consultants
- ACHs
- Tribal Representatives
- SDM Champions / Implementers
- Bree Workgroup Members / Thought Leader Group
